Norway's Fjords and Arctic Svalbard

Sail Norway's beautiful fjord-carved coast from colorful Bergen past the North Cape to remote Trømso, gateway to the Arctic. Glide into dramatic narrow straits and survey secluded inlets and coves by kayak and Zodiac. Experience the seabird spectacle of Bear Island, cross the Barents Sea, and spend five days exploring the icy wildnerness of the Svalbard archipelago in the midnight sun above the Arctic Circle – where polar bears prowl and walruses lumber. A choice of activities allows guests to tailor their days as they see fit and experience extraordinary adventure in Norway's coastal wonderland.

Day by day

■ DAY 1

Bergen, Norway

Arrive in Bergen, the gateway to the Norwegian fjords, and transfer to your centrally located hotel. This afternoon, explore the city at your own pace, experiencing Bryggens Wharf, a UNESCO World Heritage Site or a funicular ride up to Mt. Fløyen overlooking the surrounding fjords. Check in with the hospitality desk this afternoon before embarking the ship.

Meals included: dinner

◇ DAY 2

Nordfjord

Arrive at the spectacular glacial mountain landscape of Nordfjord, a haven for adventurers and photographers. Travel up the Loen Valley by coach amidst picture-book beauty, surrounded by a turquoise lake and craggy peaks. Consider hiking a trail through the valley carved by the Briksdal Glacier. Alternatively, take a scenic boat ride across Kjenndal Lake to the catch a glimpse of this retreating glacier and the striking geography of the region. Capture these scenic peaks and valleys from the railing as you sail back out of the fjord in the afternoon.

Meals included: breakfast, lunch, dinner

◇ DAYS 3-5

Exploring the Fjords of Norway

Spend three days exploring the central Norway coast, revered by travelers worldwide for its mountainous islands and steep-walled fjords. Your Expedition Leader and Captain will consult with local Norwegian pilots on landing spots offering optimal adventure options. Zodiac under vertical rock faces, paddle serenely in a deep fjord surrounded by cascading waterfalls or venture ashore for hikes with your naturalist staff. Visit local island communities protecting their cultural and natural heritage and go for walks with resident guides that have grown up surrounded by the ocean and these remote coastal islands.

Meals included: breakfast, lunch, dinner

◇ DAY 6

Lofoten Islands

The Lofoten archipelago boasts an enchanting landscape of picturesque villages ringed by jagged granite peaks. Enjoy village walks and island explorations as you venture through an area known for its dramatic landscapes and its cod fishing traditions throughout the centuries. A bit later, admire one of Norway's most dramatic fjords from the deck as the ship navigates through Trollfjorden.

Meals included: breakfast, lunch, dinner

◇ DAY 7

Tysfjorden

The nimble ship enters Tysfjorden, where mile after mile of near-vertical walls ascend above you and a scant few villages manage to cling to the rocky shores. Enjoy a Zodiac cruise or kayak within this magical place alive with birch forests and tumbling waterfalls. Explore a hiking trail through Hellemobotn Valley that reaches almost to the Swedish border.

Meals included: breakfast, lunch, dinner

◇ DAY 8

Tromsø

Arrive in Tromsø, known as the "gateway to the Arctic" for numerous Arctic expeditions that

originated from here. Explore this charming coastal city and its surrounding area: choose a visit to a local husky farm—known for its beautiful setting, friendly dogs and world-caliber dog musher—or choose to stay in town and visit the waterfront museums, which offer a range of local food tastings and historical insights into the variable aspects of this dynamic region.

Meals included: breakfast, lunch, dinner

◇ DAY 9

Bear Island

Sitting at the confluence of the Norwegian and Barents Seas, Bear Island is ironically known as a birdwatcher's paradise. The island also houses one remote meteorological station. With conditions permitting, enjoy a Zodiac cruise around the southernmost member of the Svalbard archipelago and revel at the bird cliffs, home to countless thousands of fulmars, kittiwakes and guillemots.

Meals included: breakfast, lunch, dinner

◇ DAYS 10-14

Exploring Svalbard

Explore in true expedition style, letting nature dictate your day-to-day movements within an immense Arctic wonderland. The fully stabilized, ice-class expedition ship probes deep into the ice where the polar bears forage, walrus sun themselves and the Svalbard reindeer roam. Join spotters on the bridge as you scan the floes and islands for these iconic creatures, along with bearded and ringed seals; Arctic fox; and beluga, fin and minke whales. There's no greater thrill than a sighting that brings everyone rushing to the bow or Bridge for a close-up view. Sail deep into protected bays and fjords where even a novice kayaker can comfortably paddle surrounded by sparkling bergs and dramatic mountains. Video from the Remotely Operated Vehicle (ROV) allows you to peer into the mysterious world that exists 1,000 feet below the surface during Recaps with your multi-talented field staff.

Meals included: breakfast, lunch, dinner

◇ DAY 15

Longyearbyen / Disembark Ship / Oslo

Disembark in Longyearbyen for one more taste of civilization in this northern frontier. Join the recommended group flight to Oslo; transfers to the nearby hotel and luggage assistance will be provided. Upon arrival, overnight at the Radisson Blu Airport Hotel with dinner on your own.

Meals included: breakfast, lunch

■ DAY 16

Oslo

After breakfast, transfer to the airport for flights home.

Meals included: breakfast

The most advanced ice-class expedition ship afloat, the *National Geographic Endurance* offers unprecedented access to polar regions.

The first new polar build in Lindblad's 50-year history, *National Geographic Endurance* is named to honor explorer Ernest Shackleton and his legendary Transantarctic Expedition.

A fully-stabilized vessel of the highest ice class (PC5 Category A), she will enable adventurous guests to go where few have or can. Endurance's most striking exterior feature is her distinctive profile, the patented X-Bow®, a game-changing design that guarantees the smoothest, most comfortable ride in all kinds of conditions; and since it eliminates bow impact, a quieter ride, as well.

An equally impressive feature may well be her capacity: she carries just 138 guests, a commitment to expedition excellence over scale. Scandinavian-inflected, luxuriously appointed, her inviting interiors would be a destination in themselves. Because she is a Lindblad expedition ship, however, her attention is focused on the world outside —with acres of window glass to keep you connected to the stunning views beyond the pane, and a fleet of expedition tools to get you out exploring.

National Geographic Endurance and *National Geographic Resolution* are next-generation expedition ships, purpose-built for polar navigation. Fully stabilized, highly strengthened, ice-class Polar Code PC5 (Category A) vessels, they are designed to navigate polar passages year-round, and safely explore uncharted waters, while providing exceptional comfort. The patented X-bow ® is key to their design; its powerful wave-slicing action provides an extremely smooth ride even in adverse conditions, and even reduces spray on deck for superior observation. They carry a full suite of expedition tools and offer a variety of experience-enhancing amenities.
