

Patagonia, Falklands, South Georgia and Antarctica Odyssey

One of the most comprehensive expeditions to the Southern Ocean spans four iconic regions, bringing travelers to remote and seldom-seen locations where wildness and wildlife reign supreme. On this epic adventure aboard the ultimate polar ship, *National Geographic Resolution*, spend days immersed in the stunning landscapes of Patagonia's fjords and glaciers; enjoy the windswept Falkland Islands, awash in British charm and history; continue on to the shores of South Georgia, where vast colonies of king penguins throng the beaches; and finish among the otherworldly beauty of the Antarctic Peninsula. Flexibility is the hallmark of expedition style, so the day-by-day itinerary often changes to take full advantage of rare wildlife sightings, like whales feeding off the ship's bow, or perfect conditions to embark on an evening Zodiac excursion.

Day by day

■ DAY 1

Santiago, Chile or Buenos Aires, Argentina

Arrive in Santiago, Chile's mountainous capital, or Buenos Aires, the cosmopolitan capital of Argentina.

2027 and 2028 departures: Transfer from the airport to the Ritz-Carlton, Santiago, or similar.

Beginning with 2029 departures: Transfer from the airport to the Alvear Art, Buenos Aires, or similar.

Arrival Time: Arrive before 11:30 a.m. local time.
Arrival City: Santiago, Chile or Buenos Aires, Argentina

◇ DAY 2

Ushuaia, Argentina / Embark Ship

Today, fly south on the recommended flight to Ushuaia, the world's southernmost inhabited city, and meet the ship; transfers to the airport, and hotel and luggage assistance, will be provided.

Meals included: breakfast, lunch, dinner

◇ DAYS 3-5

Exploring the Chilean Fjords

Sail into southern Patagonia's vast wilderness of forested isles, mirror-like lakes and snowcapped peaks. Myriad fjords cut between soaring granite walls and waterfalls tumble from high above. Explore the region known as Chile's "Glacier Alley," part of the UNESCO-recognized Cape Horn Biosphere Reserve. Cruise into the secluded Pia Fjord, admiring views of its massive glacier; and glide into Garibaldi Fjord in Alberto de Agostini National Park, where the Andes meet the sea. Get up close to the monumental wall of ice that marks the edge of Garibaldi Glacier, exploring by Zodiac or kayak. Continue to Agostini Fjord, where numerous glaciers originate from the nearby mountains, for a chance to witness thunderous glacial calving.

Meals included: breakfast, lunch, dinner

◇ DAYS 6-7

Bahia Ainsworth / Tierra del Fuego: Karukinka Natural Park / At Sea

Today begins in Ainsworth Bay, a stunning fjord surrounded by subpolar forest at the base of Marinelli Glacier, where you'll keep an eye out for elephant seals. Then cruise to Tierra del Fuego and venture into the archipelago's largest protected land area: Karukinka Natural Park. Visit this private reserve by special permission, searching for an array of wildlife that includes Andean foxes, guanacos and black-browed albatross.

Meals included: breakfast, lunch, dinner

◇ DAYS 8-9

Falkland Islands

The best parts of expedition travel seem to come together in the western Falkland Islands. Here, you can land on a beach tucked into a rocky cove, hike out across a rolling green pasture, and suddenly find yourself at the crest of a sea cliff looking out over the South Atlantic surf. Witness a breeding colony of black-browed albatross, and check out thousands of irresistible gentoo, rockhopper and Magellanic penguins that congregate on the shores, along with fur seals.

Stanley, the colorful capital of the Falkland Islands, is a wonderfully unexpected place: a charming

outpost of British culture tucked into a small bay on the shore of these windswept islands in the far South Atlantic. Many Falkland Islanders still live in very traditional ways, and there will be a chance to visit a small farm to see some expert sheep shearing and learn the best techniques for cutting blocks of peat for the fire. The rocky hills and white sand beaches outside town offer some excellent hikes, and afterward, a cup of tea or a pint at the local tavern goes down very nicely.

Meals included: breakfast, lunch, dinner

◇ DAYS 10-11

At Sea

During the time at sea, learn about the fascinating history of Antarctic exploration, as well as the flora, fauna and geology of South Georgia. Your naturalists will help identify the seabirds that follow the ship: wandering albatross, prions and black-browed albatross.

Meals included: breakfast, lunch, dinner

◇ DAYS 12-15

South Georgia

Simply put, there are very few places in the world like South Georgia. Often referred to as the "Serengeti of the Southern Ocean," for its jaw-dropping abundance of wildlife, this rugged and remote island offers one of nature's most dazzling spectacles: tens of thousands of king penguins, the second largest species in the world, all nesting together on a single two-mile-long beach. It's also home to huge elephant seals and playful Antarctic fur seals.

In keeping with the nature of an expedition, the schedule is flexible with opportunities for walking, hiking, kayaking and Zodiac excursions as you explore South Georgia's spectacular coastline. Enjoy a variety of activities each day, including visits to Grytviken—the final resting place of Shackleton—and Stromness Harbour, where Ernest Shackleton, Tom Crean and Frank Worsley finally reached aid at a whaling station.

Meals included: breakfast, lunch, dinner

◇ DAYS 16-17

At Sea

As the ship voyages towards the Antarctic Continent, head up to the Bridge to watch for icebergs and observe expert navigation at work as your skilled Captain and officers sail these historic waters. There will also be time to enjoy a massage in the wellness center, work out in the gym and browse in the library. Each day, the naturalists offer talks that add depth to your experience.

Meals included: breakfast, lunch, dinner

◇ DAYS 18-22

Exploring Antarctica

With long hours of daylight at this time of year, there are ample opportunities to explore. The schedule is flexible, making it possible to take advantage of the unexpected, whether watching whales at play off the bow of the ship, hiking alongside penguin highways or enjoying an evening Zodiac cruise amid porpoising penguins.

While wildlife is magnificent, ice defines the Antarctic. Get to know ice up close and personal—from icebergs the size of islands, bergy bits and near-vertical glaciers, to the fragile, nearly invisible layers that have just begun to freeze. One day, set out by kayak to encounter towering icebergs at water level; embark on a Zodiac excursion in search of seals and blue-eyed shags; or walk amid thousands of Adélie and gentoo penguins. The next, experience the thrill of the ship crunching through pack ice.

No matter where you go in Antarctica, you're surrounded by opportunities to capture uniquely beautiful images. Along the way, your expert

expedition team will enrich every experience.

Meals included: breakfast, lunch, dinner

◇ DAYS 23-24

At Sea

This 500-mile-wide strait between the Antarctic Peninsula and South America is one of the most famous bodies of water in the world. Sometimes ferocious, sometimes flat calm, the Drake is always a fascinating place in its own right. This part of the journey is the best opportunity to see gorgeous seabirds like the wandering albatross, and you might be lucky enough to encounter orca whales or rare species of dolphins. Visit the Bridge (a great place to spot wildlife), attend a talk about the biology of the penguins you've just seen or settle into a comfy chair in the observation lounge to look out over the waves and reflect on your incredible journey. Toast your epic voyage at a festive farewell dinner. Savor your final moments aboard ship as it makes its way toward Cape Horn, the southernmost tip of the South American continent.

Meals included: breakfast, lunch, dinner

■ DAY 25

Ushuaia / Disembark Ship / Santiago, Chile or Buenos Aires, Argentina

Disembark in Ushuaia and board the recommended flight to Santiago or Buenos Aires to connect with your flight home; transfers to the airport and luggage assistance will be provided.

Departure Time: Depart after 9:00 p.m. local time.
Departure City: Santiago, Chile or Buenos Aires, Argentina

Meals included: breakfast

The sister ship to *National Geographic Endurance*, she explores polar & temperate regions

Our second new polar build, *National Geographic Resolution*, is named to honor the second voyage of the legendary Captain James Cook. A fully-stabilized vessel of the highest ice class (PC5 Category A), she will enableadventurous guests to go where few have or can. Resolution's most striking exterior feature is her distinctive profile, the patented X-Bow®, a game-changing design that guarantees the smoothest, most comfortable ride in all kinds of conditions; and since it eliminates bow impact, a quieter ride, as well.

An equally impressive feature may well be her capacity: she carries just 138 guests, a commitment to expedition excellence over scale. Scandinavian-inflected, luxuriously appointed, her inviting interiors would be a destination in themselves. Because she is a Lindblad expedition ship, however, her attention is focused on the world outside — with acres of window glass to keep you connected to the stunning views beyond the pane, and a fleet of expedition tools to get you out exploring.

National Geographic Endurance and *National Geographic Resolution* are next-generation expedition ships. Purpose-built for polar navigation. Fully stabilized, highly strengthened, ice-class Polar Code PC5 (Category A) vessels, they are designed to navigate polar passages year-round, and safely explore uncharted waters, while providing exceptional comfort. The patented X-bow ® is key to their design; its powerful wave-slicing action provides an extremely smooth ride even in adverse conditions, and even reduces spray on deck for superior observation. They carry a full suite of expedition tools, and offer a variety of experience enhancing amenities.
