A fully equipped Galápagos expedition ship for 48 guests

The newly christened *National Geographic Gemini* joins the Lindblad Expeditions-National Geographic Galápagos fleet with a history and heritage of small-ship expedition cruising. Launched in 2001 from the same shipyard as *National Geographic Orion*, *National Geographic Gemini* is a highly maneuverable, shallow-draft expedition ship purpose built to explore remote areas with ease.

Sailing year round with a maximum of 48 guests on weeklong voyages departing Fridays, *National Geographic Gemini* offers guests the choice of larger suites, cabins with balconies, and a mix of doubles, solos and triples.

All cabins are ocean facing and with ample storage, beds that can be configured as a queen or two twins, a sofa, desk, television and a well-stocked mini fridge. Bathrooms are large and feature glass showers. Suite 601 on the Upper Deck (Category 7) is the largest in the Lindblad Expeditions-National Geographic Galápagos fleet with a separate living room, forward-facing balcony and floor-to-ceiling windows. Cabins on the Bridge Deck (Category 4 & 5S) all have private balconies with seating.

The open, windowed lounge for presentations and informal gatherings has a large bar and well-stocked library and adjacent reception area.

Carrying a fleet of quick-to-deploy Mark VI Zodiacs, kayaks and stand-up paddleboards, the ship is well-equipped for exploring the islands and marine reserve. It is also stocked with snorkeling gear for all guests, including shortie wetsuits.

National Geographic Gemini provides an authentic sense of place informed by our decades-long relationships with local communities and conservation groups.
