

Exploring Costa Rica: Guanacaste, Santa Rosa and Rincón de la Vieja

On this six-day voyage in Guanacaste, guests are surrounded by breathtaking natural beauty. From picture-perfect beaches to hidden jungle waterfalls, enjoy the diversity of the Guanacaste Conservation Area, one of the oldest and largest UNESCO World Heritage sites.

This remote part of Costa Rica is overflowing with wild allures. Over millennia, eruptions from the Arenal Volcano have created hyper-rich soil that nurtures a unique tropical dry forest. More than 30 rivers wind their way through this swath of green, pumping nutrients into the surrounding waters, which in turn nourish healthy, vibrant coral reefs.

Day by day

■ DAY 1

San José, Costa Rica / Puerto Caldera / Embark Ship

Arrive in San José this afternoon and transfer to Puerto Caldera, the main port for Costa Rica. This evening, embark the *National Geographic Quest* and set sail south on your Central American journey. Opt to arrive early for a pre-voyage extension in the rainforests and reserves of Caño Negro.

Arrival Time: Arrive before 1:00 p.m. local time.

Arrival City: San Jose, Costa Rica

Meals included: dinner

◇ DAY 2

Papagayo Peninsula

Drop anchor off the remote Papagayo Peninsula, where you'll spend the day soaking up the sun and enjoying beach time alongside waters fringed by offshore islets, which create dynamic habitat for a variety of tropical fish. Or choose to walk along a rarely used four-wheel drive track, which takes you back into a beautiful gallery forest. The area is rich with bird and plant varieties, and your naturalists will describe the intricate web of life in these oceanside ecosystems.

After lunch on board, continue to explore the coastline of Bahía Huevos and Playa Celestia. Zodiacs take you on an exploration of the bay and the peninsula. If conditions permit, explore the nearby mangroves by kayak or paddleboard.

Meals included: breakfast, lunch, dinner

◇ DAY 3

Santa Rosa National Park / Guanacaste Conservation Area

Weather permitting, don a snorkel and fins to discover a rich underwater world or hike into the upper reaches of the Guanacaste Conservation Area for commanding views over the full length of this rarely-visited archipelago.

Back on board, sail toward the mainland while enjoying a delicious lunch. Depending on conditions, you may choose to explore Santa Elena Bay in Santa Rosa National Park, Junquillal Wildlife Refuge or Cuajiniquil Bay, all part of the extraordinarily biodiverse Guanacaste Conservation Area. While venturing out by Zodiac, immerse yourself in the tropical environment, alive with color. Yellow and black great kiskadees sally from exposed perches looking to capture a flying insect for an evening meal, and orange-fronted parakeets chatter overhead. Predators such as mangrove hawks may take wind, setting out on a late afternoon hunt, while ringed kingfishers, richly colored in brick red and deep blue, wait patiently, watching the shallows for a fish's silvery flash.

Meals included: breakfast, lunch, dinner

◇ DAY 4

Rincón de la Vieja National Park / Hacienda Guachipelin

Your adventure continues as you set off inland to explore Rincón de la Vieja National Park. This mountainous region is also a part of the Guanacaste Conservation Area and encompasses more than 34,000 acres. The area, with its forests carpeting the sides of two active volcanoes, is alive with geothermal activity as gurgling, bubbling mud pots spout and steam rises above the canopy. Choose between several enticing options today, including a hike through the transition zone where tropical dry habitat meets the temperate cloud

forest. Here, keep an eye out for exotic wildlife, with the possibility of encountering mantled howler monkeys and regionally special birds including the noisy and conspicuous white-throated magpie-jay. Alternatively, after a short hike into the forest, opt to swim below Las Chorreras Waterfall or soar through the canopy by zipline. Afterwards, enjoy a sumptuous lunch served poolside at Hacienda Guachipelin, including fresh ceviche.

Meals included: breakfast, lunch, dinner

Disembark in Puerto Caldera and drive to the airport in San José for flights home.

Departure Time: Depart after 12:30 p.m. local time.

Departure City: San Jose, Costa Rica

Meals included: breakfast

◇ DAY 5

Curú National Wildlife Refuge / Isla Tortuga

Along the coast of the Nicoya Peninsula, and in many ways demarcating the line between the wetter jungles of the south and Guanacaste's drier environment, sits Curú National Wildlife Refuge, Costa Rica's first private national wildlife reserve. Learn about the hundreds of species of birds, reptiles and mammals that inhabit this thriving ecosystem while exploring the park's tracks and trails. Look for white-faced capuchin monkeys, turquoise-browed motmots and with luck, scarlet macaws. The northern tamandua resides here, and while often elusive and quiet, this primarily arboreal member of the anteater family may be spotted.

Later, as you enjoy lunch on board, you'll cruise to a cluster of offshore islets collectively called Isla Tortuga. Relax on the beach shaded by swaying palms and tropical vegetation, then celebrate the finale of your Guanacaste adventure with afternoon refreshments and hors d'oeuvres on the beach.

Meals included: breakfast, lunch, dinner

***National Geographic Quest*, built in 2017, is designed for sailing into fast-moving channels and shallow coves in pan-American waters.**

When she rolled out of Nichols Brothers shipyard and into the bay on Whidbey Island, the 100 guest National Geographic Quest became the third ship in the Lindblad fleet built at this storied Pacific Northwest shipyard. In the 1970s, Nichols Brothers built the twin ships *National Geographic Sea Bird* and *National Geographic Sea Lion*, which continue to sail the waters of the west coast of North America and Central America.

National Geographic Quest was purpose-built to explore the fast-moving channels and narrow straits of Alaska, along the coast of Costa Rica and into the gray whale nursery lagoons of Baja, her design and engineering informed by our nearly 40 years of experience in these regions. Her twin boarding platforms, for example, were suggested by a veteran staffer. Enabling our team to load two Zodiacs at once means guests get off the ship quickly to take advantage of wildlife sightings and maximize exploring time.

National Geographic Quest's shallow draft allows her captain to navigate the same inner reaches and provide intimate "insider" experiences in these charismatic regions. Modern, clean-lined, with large expanses of glass to keep you connected to the extraordinary views, *National Geographic Quest* enables you to see, do and experience the best of her geographies.
