Discover the true thrill of exploration as you navigate Southeast Greenland's rugged coast, sailing through unchartered waters fed by the legendary ice cap. Each day brings the prospect of unforgettable experiences as your veteran captain and expedition team chart a course for remote fjords, glaciers, mountains and trails that few have yet to explore. Zodiac cruise and kayak among spectacular icebergs; hike into the wild backcountry to spot Arctic wildlife; and uncover the secrets of ancient Greenlandic cultures at fascinating archaeological sites nestled amid this untamed landscape.

Minimum Age Requirement: Any children booked on Antarctic or Arctic voyages must be at least 4 years old at time of embarkation.

Highlights

- Sail aboard a state-of-the-art polar vessel through stunning, glacier-carved fjords dramatically framed by the Greenland Ice Cap
- Experience the feeling of being a modern-day explorer as your expedition team charts new paths through this rugged wilderness
- Kayak in scenic iceberg fjords, hike across pristine landscapes and Zodiac cruise along glacier fronts in search of Arctic wildlife
- Discover Paleo-Eskimo and Thule archaeological sites which reveal the rich story of the Indigenous people who have lived along King Frederick VI Coast

Day by day

■ DAY 1

Reykjavík, Iceland / Embark Ship

Arrive in Reykjavík, the world's northernmost capital, which lies just below the Arctic Circle. Transfer from the airport and spend the day exploring the city's sights, sounds and tastes on your own. Check in with the hospitality desk this afternoon, before embarking the ship.

Meals included: dinner

◇ DAYS 2-3

Crossing the Denmark Strait / At Sea

Sail across the Denmark Strait, connecting the Arctic and Atlantic Ocean. The Strait is home to the world's largest waterfall, caused by powerful currents and glaciers. Listen to talks from experts, relax with a book in the lounge or on the observation deck and keep an eye out for whales as the ship travels across the continental shelf.

Meals included: breakfast, lunch, dinner

◇ DAYS 4-8

Exploring King Frederick VI Land, Greenland

Spend the days exploring the coastal wilds of Southeast Greenland, a dynamic region known for its striking landscapes of towering peaks and active glaciers which connect to the Greenlandic Ice Sheet. The East Greenlandic current also spends much of the summer pushing icebergs down the coast from the North Pole. Experience a true sense of adventure as you discover unknown, wild areas aboard purpose-built ships designed to navigate even the most extreme conditions.

Take in stunning views from the Bridge of unexplored fjords like Skjoldungen, Lindenow and Timmiarmiut; Zodiac cruise along glaciers that continue to push out from the Ice Sheet; and hike into the backcountry with polar bear guards, keeping an eye out for the newly established resident population in this region. At archaeological sites along King Frederick VI Coast, gain insight into the Paleo-Inuit and Thule peoples who researchers believe inhabited the area between 2500-800 BC.

Meals included: breakfast, lunch, dinner

◇ DAY 9

At Sea

Spend a relaxing day at sea en route back to Iceland as you take advantage of the onboard amenities at your own pace. Join the ship's officers on the Bridge and keep a watchful eye for migrating whales, attend an engaging presentation by naturalists and experts, or enjoy a wellness treatment at the spa.

Meals included: breakfast, lunch, dinner

■ DAY 10

Reykjavík, Iceland / Disembark Ship

Disembark in Reykjavík and transfer to the airport for flights home.

Meals included: breakfast

The most advanced ice-class expedition ship afloat, the *National Geographic Endurance* offers unprecedented access to polar regions.

The first new polar build in Lindblad's 50-year history, *National Geographic Endurance* is named to honor explorer Ernest Shackleton and his legendary Transantarctic Expedition.

A fully-stabilized vessel of the highest ice class (PC5 Category A), she will enable adventurous guests to go where few have or can. Endurance's most striking exterior feature is her distinctive profile, the patented X-Bow®, a game-changing design that guarantees the smoothest, most comfortable ride in all kinds of conditions; and since it eliminates bow impact, a quieter ride, as well.

An equally impressive feature may well be her capacity: she carries just 138 guests, a commitment to expedition excellence over scale. Scandinavian-inflected, luxuriously appointed, her inviting interiors would be a destination in themselves. Because she is a Lindblad expedition ship, however, her attention is focused on the world outside —with acres of window glass to keep you connected to the stunning views beyond the pane, and a fleet of expedition tools to get you out exploring.

National Geographic Endurance and *National Geographic Resolution* are next-generation expedition ships, purpose-built for polar navigation. Fully stabilized, highly strengthened, ice-class Polar Code PC5 (Category A) vessels, they are designed to navigate polar passages year-round, and safely explore uncharted waters, while providing exceptional comfort. The patented X-bow ® is key to their design; its powerful wave-slicing action provides an extremely smooth ride even in adverse conditions, and even reduces spray on deck for superior observation. They carry a full suite of expedition tools and offer a variety of experience-enhancing amenities.
