

South Greenland Exploration: Fjords, Waterfalls and Fishing Villages

Blanketed in ice and sculpted by glaciers, Greenland is a dazzling tableau of the Arctic's wild glory. Trace the enduring ingenuity of the country's people—from the storied ruins of Brattahlið, Erik the Red's legendary estate, to the living cultural landscape of Kujataa, a UNESCO World Heritage site where Norse and Inuit traditions intertwine. Cruise through fjords hemmed by towering cliffs in Prins Christian Sund and Skjoldungen Island, then step ashore to hike or kayak alongside locals who know the region best. This is an expedition into the heart of untamed wilderness—where Norse legends linger, Inuit heritage thrives and the Arctic's timeless beauty reigns.

Day by day

■ DAY 1

Reykjavík, Iceland / Embark Ship

Arrive in Reykjavík, the world's northernmost capital, which lies just below the Arctic Circle. Transfer from the airport to the city and spend the day exploring at your own pace. Check in with the hospitality desk this afternoon before embarking the ship.

Meals included: dinner

◇ DAY 2

Crossing the Denmark Strait

Sail away from the Land of Fire and Ice and across the Denmark Strait. Connecting the Arctic and Atlantic Ocean, the strait is home to the world's largest waterfall, caused by powerful currents and glaciers. Listen to talks by experts, relax with a book in the lounge or the observation deck and keep an eye out for wildlife as the ship sails across the continental shelf.

Meals included: breakfast, lunch, dinner

◇ DAYS 3-4

Exploring Southeast Greenland

The coast of the world's largest island is etched with thousands of fjords, some of which reach back to the Greenlandic ice sheet. Spend these days exploring these stunning inlets of the eastern coast, using underwater cameras and a remotely operated vehicle (ROV) to discover marine life and fascinating underwater geology. Ice permitting, sail deep into majestic fjords and soak in your arrival to Greenland on a Zodiac cruise or paddling a kayak among the icebergs.

Meals included: breakfast, lunch, dinner

◇ DAYS 5-6

Prins Christian Sund and Tasermiut Fjord

Sail into Prins Christian Sund, which cuts into the southern tip of Greenland. Pass between soaring pinnacles and glaciers and through the sheltered waters of this dramatic landscape. As you round the southern coast of Greenland, enter Tasermiut Fjord, known as Arctic Patagonia for its sheer granite rock faces and dramatic valley filled with glaciers or their moraines. Spend time exploring by foot, kayak or Zodiac along its shores.

Meals included: breakfast, lunch, dinner

◇ DAY 7

Qaqortoq

Your exploration of Erik the Red's Eastern Settlement begins in the fjords around Qaqortoq. The Sissarluttoq World Heritage Center is dotted with ruins of Inuit and Norse farms, stables and storerooms made of sandstone and granite blocks, allowing you to imagine what farming was like on the edge of the ice cap over 1,000 years ago. Explore the ruins of the 14th-century Hvalsey Church, and venture deep into the fjord to witness how these ancient remnants create the backdrop for daily farming life in southern Greenland. Continue to Qaqortoq, inhabited since the Viking era and now the largest town in South Greenland, with just over 3,200 residents. Stroll through the town square and visit the museum, where Greenlandic kayaks, hunting equipment and local art and handicrafts are on display. Sample traditional Greenlandic food this afternoon.

Meals included: breakfast, lunch, dinner

◇ DAY 8

Qassiarsuk

Spend your day in present-day Qassiarsuk. Visit Brattahlíð, where Erik the Red established his farm in 982 A.D. after his exile from Iceland. Erik's wife, Þjódhild, built the first Christian church in the western hemisphere here. Visit replicas of the church and Erik the Red's longhouse, and see the shores from which their son, Leif Eriksson, launched the first voyages to North America—500 years before Columbus. Later, visit a local family farm that continues the farming tradition that has earned this region a UNESCO World Heritage designation for Arctic farming on the edge of the ice cap.

Meals included: breakfast, lunch, dinner

◇ DAY 9

Exploring the Southwestern Fjords

Between the southwestern farmland and the central capital region of Nuuk lie miles of fjords filled with opportunities for modern-day explorers. Following the lead of your experienced expedition team, navigate unchartered waters and savor the unspoiled nature Greenland is known for.

Meals included: breakfast, lunch, dinner

◇ DAY 10

Nuuk / Disembark Ship / Reykjavík, Iceland

Disembark in Nuuk and join the recommended group flight to Keflavík. Transfers to the nearby hotel and luggage assistance will be provided.

Meals included: breakfast, lunch

■ DAY 11

Reykjavík

After breakfast, transfer to the airport for flights home.

Meals included: breakfast

Westbound

Reykjavík, Iceland → Reykjavík, Iceland

Built to handle deep swells and towering waves, the *National Geographic Explorer* lends herself to globe-spanning travel and a dedication to curiosity and wonder.

Originally constructed for service along Norway's coast as part of the famed Hurtigruten, or Coastal Express, she ferried passengers among the fjords of this iconic coast in conditions that could deteriorate into heavy seas in a matter of minutes. She had to be able to handle deep swells and towering waves—and have a high degree of maneuverability. Those traits, and an ideal size, made her a natural choice for addition to the Lindblad fleet.

The plans to completely rebuild her drew on 50 years of pioneering expedition history and expertise. *National Geographic Explorer* was equipped with an ice-strengthened hull and advanced navigation equipment for polar expeditions; a roster of tools for exploration; and a well-appointed interior with vast expanses of glass for an unprecedented connection to the environment. Her interior and exterior design embodied the Lindblad expedition ethos—the privilege of wildness and the luxury of comfort.

For many guests she remains their paradigm of an expedition ship. She is devoted to exploration—from her Welcoming Bridge, and the Chart Room below it where you can tuck in to warm up with a hot chocolate, to her high-perched Observation deck with its aqueous light and compelling 24/7 views. Even the art on the walls— from the Hurley prints of Shackleton's expedition to the stunning National Geographic photos— tells an uber- narrative of globe-spanning travel and a dedication to curiosity and wonder.

National Geographic Explorer is a state-of-the-art expedition ship. She is a fully stabilized, ice-class vessel, with an ice-reinforced hull, enabling her to navigate polar passages while providing exceptional comfort.
