Highlights

- ★ Sail into Norway's spectacular fjords and explore secluded inlets and coves by kayak or Zodiac
- ★ Observe nesting seabirds amid the towering peaks of the Lofoten islands, situated off Norway's northwestern coast
- ★ Encounter the Bronze Age ruins and Viking longhouses of Jarlshof, a prehistoric settlement in Shetland
- ★ Discover the unique culture of the Faroe Islands, where residents proudly share their age-old customs and traditions

Day by day

■ DAY 1

Tromsø, Norway / Embark Ship

Arrive in Tromsø, known as the “gateway to the Arctic” due to the large number of Arctic expeditions that originated here. Transfer to the meeting place in the city and spend the day exploring at your own pace. Check in with the hospitality desk this afternoon before embarking the ship.

Meals included: dinner

◇ DAY 2

Tysfjorden

Enter the long fjord of Tysfjorden, where only a few small villages cling to the rocky shores. Glide beneath the fjord's steep walls explore the shore lines on your choice of expedition options, including zodiac cruising, kayaking or hiking, weather permitting.

Meals included: breakfast, lunch, dinner

◇ DAY 3

Lofoten Islands

The Lofoten archipelago boasts an enchanting landscape of picturesque villages ringed by jagged granite peaks. Enjoy village walks and island explorations as you venture through an area known for its dramatic landscapes and its cod fishing traditions throughout the centuries. A bit later, admire one of Norway's most dramatic fjords from the deck as the ship navigates through Trollfjorden.

Meals included: breakfast, lunch, dinner

◇ DAYS 4-5

Exploring the Fjords of Norway

Carved by glaciers over millions of years, Norway's northern coast is laced with steep-walled fjords, mountainous islands and chiseled peaks. Cruise in a Zodiac along vertical rock faces, kayak through serene fjords or go ashore on a secluded sandy beach to hike amid verdant valleys and birch forests.

Meals included: breakfast, lunch, dinner

◇ DAYS 6-8

At Sea / Shetland, Scotland

Spend a relaxing day at sea as you sail toward Shetland, an archipelago of about one hundred islands and islets located north of the Scottish mainland. Glide past the towering cliffs of Noss to look for murre, puffins, kittiwakes and other seabirds. This evening, dock overnight in Lerwick.

Lerwick is Shetland's only official town with a little more than 7,000 inhabitants. Spend the morning delving into your choice of interests, from the ruins of Jarlshof, the Lighthouse and bird cliffs of Sumburgh Head, or by heading to the quieter western villages to hike, birdwatch and meet local fisherman. After dinner, the ship will attempt a landing at Foula, part of the Shetland Archipelago. Conditions permitting, enjoy an evening exploration on this remote island.

The last day in Shetland is spent anchored in a secluded fjord, just below the Hermness Nature Reserve. For nature lovers, there is no limit to the number of discoveries waiting along its paths, notably its extensive moorland and dramatic bird cliffs. For those looking to understand the cultural heritage of Shetland and the island of Unst, visit their cultural center and Viking project with

reconstructed longhouse.

Meals included: breakfast, lunch, dinner

◇ DAYS 9-10

The Faroe Islands

Arrive in the Faroe Islands, an autonomous archipelago within the Kingdom of Denmark. The legacy of the Vikings persists here, reflected in the language of the Faroese and their love of the sea. Visit Tórshavn, the colorful capital of the Faroe Islands, where even the government buildings are crafted in the traditional design of wooden siding with a turf roof. See the 12th-century St. Olav's Church alongside the ruins of Kirkjubøur Cathedral, which was never completed. Navigate through the islands to one of the local communities on Eysturoy, the second largest island in the Faroes. Enjoy a day alongside villagers, experiencing the warm hospitality and stunning landscapes of their beautiful fjord.

Meals included: breakfast, lunch, dinner

◇ DAYS 11-12

At Sea / Seyðisfjörður, Iceland / Grímsey

After a morning at sea, arrive at Iceland's rugged eastern coast, an unspoiled stretch of rocky outcrops, hidden coves and hills that beckon hikers. Visit Seyðisfjörður, known for its charming fishing village, or visit Skálanes Nature Reserve with its colorful wildflowers and bird cliffs. Continue to Grímsey on the Arctic Circle.

Meals included: breakfast, lunch, dinner

◇ DAYS 13-14

Westfjords

The Westfjords of Iceland are notably some of the most remote fjords in the country with many nooks and crannies or fjords and islands to explore. Spend two days enjoying expedition activities

across this dynamic corner of Iceland, meeting locals who call this region home and using the ship as a platform of adventure and discovery.

Meals included: breakfast, lunch, dinner

■ DAY 15

Reykjavík / Disembark Ship / Home

Disembark in Reykjavík and transfer to the airport for flights home.

Meals included: breakfast

The sister ship to *National Geographic Endurance*, she explores polar & temperate regions

Our second new polar build, *National Geographic Resolution*, is named to honor the second voyage of the legendary Captain James Cook.

A fully-stabilized vessel of the highest ice class (PC5 Category A), she will enable adventurous guests to go where few have or can.

Resolution's most striking exterior feature is her distinctive profile, the patented X-Bow®, a game-changing design that guarantees the smoothest, most comfortable ride in all kinds of conditions; and since it eliminates bow impact, a quieter ride, as well.

An equally impressive feature may well be her capacity: she carries just 138 guests, a commitment to expedition excellence over scale. Scandinavian-inflected, luxuriously appointed, her inviting interiors would be a destination in themselves. Because she is a Lindblad expedition ship, however, her attention is focused on the world outside – with acres of window glass to keep you connected to the stunning views beyond the pane, and a fleet of expedition tools to get you out exploring.

National Geographic Endurance and *National Geographic Resolution* are next-generation expedition ships. Purpose-built for polar navigation. Fully stabilized, highly strengthened, ice-class Polar Code PC5 (Category A) vessels, they are designed to navigate polar passages year-round, and safely explore uncharted waters, while providing exceptional comfort. The patented X-bow[®] is key to their design; its powerful wave-slicing action provides an extremely smooth ride even in adverse conditions, and even reduces spray on deck for superior observation. They carry a full suite of expedition tools, and offer a variety of experience enhancing amenities.
